

A heatmap comparing two configurations across eight performance metrics. The y-axis lists the metrics, and the x-axis lists the configurations. The color scale ranges from dark red (low value) to light yellow (high value).

Metric	Configuration 1 (Left)	Configuration 2 (Right)
norm_instructions_retired_per_ms	Low	Medium-Low
norm_cycles_per_ms	Medium-Low	Low
norm_branch_instructions_per_ki	High	High
norm_branch_mispredictions_per_ki	High	High
norm_lld_loads_per_ki	High	High
norm_llc_references_per_ki	High	High
norm_llc_misses_per_ki	High	High
norm_resource_stalls_per_ki	High	High
